MORE EVENTS CONTINUE TO BE ADDED!

Check out **CTMFGMONTH.com** to see the lastest listings or reach out to **Eileen Candels**, ecandels@ccat.us for assistance connecting with Connecticut manufacturers.

2. MEET THE COMPANIES & HEAR FROM EMPLOYEES (Virtually)

- **WATCH** videos about aerospace, metals, medical devices, plastics, and food manufacturing, and more! Some produced by high school students following tours at CT companies.
- **SEE** inside the companies and watch how these cool products are made.
- **LEARN** about products made in CT to inspire students and those considering manufacturing careers.

3. EXPLORE INTERACTIVE ACTIVITIES, GAMES & RESOURCES (CTCREATES.ORG)

EDUCATORS: We have resources you can use with students to showcase careers in modern manufacturing this month and throughout the year!

CT MFG Month allows students, educators, families, and those considering new careers to learn about modern manufacturing, the technical and emerging Industry 4.0 skills needed, and the broad range of well-paying work available in the industry. These events are part of a national celebration spearheaded by the Manufacturing Institute. Our collective effort is to inspire and develop the next generation of skilled talent in Connecticut.
